In response to a Residents Rights Week Challenge, **"My perspective on quality in my home"**, our past resident, Toni, wrote:

Quality in my home is:

When I don't feel good, the nursing staff do their best to care for me.

When I go to bed at night, I know that I am safely tucked in my bed and when I wake up, someone will be there for me.

Knowing that we are one big happy family here. The staff are so friendly and nice that it makes you feel warm inside.

I never have time to feel lonesome because there is always something to do.

My home is very clean and nicely decorated outside with flowers and I love to sit outdoors to look at them. Our environment is very clean.
